## Finding the True Cause of Disease with Medical Intuition and Trance Channelling

Helen has a background in Psychology and Law.  She has worked in counselling for many years before beginning to follow a more intuitive path. When she discovered she could channel she started following the guidance of Spirit that taught her how to be a Medical Intuitive and, in particular, how to bring about healing in herself and others.  Whilst she has trained extensively in many other modalities, the one form of training that has influenced her the most is Qi Gong and Vibrational Kinesiology.  She is the Author of two books, *'Guardian of the Light'* and *'Elephants and Angels'* and has created many CD's of her work.

Helen will show you how to use your own intuition to access healing energy.  In particular, she will introduce you to Angelos Energy as Spirit introduced it to her.   In this energy, you can more easily access the health of others and provide healing.

The Evenings' Presentation will Focus on;

- *What is Medical Intuition? and How it Works.*
- *How to Access and Use Angelos Energy for Healing.*
- *The Energy System and How it Relates to Thoughts, Emotions and Beliefs.*
- *How to Use your Intuition to Better Listen to the Body.*
- *What is Trance Channelling? and How you can also Channel.*
- *A Demonstration of Channelling.  (Participants will also receive a free copy of her first book 'Guardian of the Light' which is a channelled book).*
