## Archetypes and Levels of Consciousness

Barbara studied Archetypes and trained originally with Dr. Caroline Myss in the United States. Caroline gave her permission to teach this work and she brought Caroline's version of chart readings to Australia, 20 years ago. After doing approximately 5000 readings, she changed it around substantially and started teaching it herself. She also studied Astrology and a lay version of Jungian Psychology as the archetype readings encompass these modalities, as well. After doing well over 17,000 readings, she has decided to put this work out in digital form which is now available online. Barbara has been involved in the alternative healing fields for over 30 years and became a Newlife Reiki/Seichim Master. She has taught many things, including Energy Anatomy, Cutting the Ties that Bind work, Reiki, etc. and was guided in a vision to build a meditation retreat in Jamieson, 20 years ago. It was quite unique in Victoria and worked with ley lines, vortexes, labyrinths, etc., however, it was sold in 2014 and she moved back to Melbourne to be closer to her family.

Archetypes help you to understand your patterning, your belief systems and the roles you are playing that are stopping you from reaching your Highest Potential. When the archetypes are joined with Levels of Consciousness and placed in an astrological wheel everything becomes crystal clear as to what is holding you back from becoming the EMPOWERED you that is your destiny.
