

ASTRO Networks Victoria Inc.

is proud to present

Tony Pecora

to speak on

Holistic Renewable Energy Systems ~ How to Live without the Centralised System

Tony is a student of Architecture, Renewable Energy, Economics and Geopolitics. He is the Director and Founder of *The Green Power Company* which specialises in holistic renewable energy systems, off-grid systems, solar hydronics and solar farms. He helps people to design and build energy systems either for personal use or for off-grid communities to power their lives beyond the centralised grid.

Tony believes that a holistic renewable energy system approach utilising solar power in all its forms to provide hydronic heating, cooling, hot water and electric power offers the best chance at independence and freedom from centralised utilities and that the use of solar power to charge and run electric vehicles can also provide total independence.

The Evenings' Presentation will Focus on;

- *What is an Off-Grid Power System?*
- *Smart Meters and How to Collapse the Centralised Energy System.*
 - *Electric Vehicles and How they will Change the World.*
 - *Solar Hydrogen and Hydrogen Vehicles.*
 - *Communities Powered by the Sun.*
- *What the Future will Look Like – An Opinion Piece.*

Man is Learning how to Harness this Important Resource and use it to Replace Traditional Forms of Energy Production. A Very Interesting and Informative Evening! Not to Be Missed! See You There!!

Monday, 20th of June, 2016

7:45 p.m.

Members - \$5.00

Non Members - \$15.00

Balwyn Library, 336 Whitehorse Road, Balwyn, Vic., 3103

Tea/Coffee/Herbal Tea with Biscuits provided
