## The Awakening Process and the Various Forms of Interference

Dr. Maree Batchelor, MD, worked in mainstream medicine as a GP (family doctor) for over twenty years. As well as her medical degree, she has a Diploma of Obstetrics and Gynaecology and is a Fellow of the Royal Australian College of General Practitioners. She is a mother of five children. After the tragic death of her four year old son in 2008, she experienced an awakening and went on to study and practice with a holistic approach to her patients. Spiritual counselling, meditative self-enquiry and energy healing formed the basis of her practice.

A further profound experience in India, in 2014, propelled her even deeper into the realms of energy medicine and the holographic field. Now, using embodied light frequencies, she removes behavioural triggers and energetic blocks from a patient's physical, emotional and energetic body. Working as deeply as the DNA level to clean, clear and activate full potential. This releases past life karma and trauma, dysfunctional family lineage patterns and the effects of the conditional matrix, we all live in today. Her work is multi-dimensional and consists of energetic counselling and hands-on healing during which people experience profound shifts.

The Evenings' Presentation will Focus on;

- *Her Journey from 3D Medical Doctor to Multi-Dimensional Galactic Physician.*
- *What she has learnt about the Sabotaging Matrix Field we live in and how to Overcome the Sabotaging Programmes and Technologies.*
- *How to Free Ourselves from the Matrix by Embodying Higher Frequencies and Sustaining a State of Expanded Peace and Joy.*
- *An Experience of Energy Clearing and Up-grading of the Emotional, Physical, Mental and Energetic Bodies including DNA Activation.*
